RADIATION MONITORING

SMARTER RADIATION MONITORING MEANS KNOWING NOW

Know now...

- ✓ Automatic and on-demand dose reads.
- ✓ Bluetooth® WiFi transmission for quick and easy dose reads.
- ✓ Anytime/anywhere online access to dose data and reports.
- ✓ Configurable high dose notification alerts.
- ✓ Immediately identify exposure dates and doses for improved risk mitigation.
- ✓ Online account management and badge reassignments.
- ✓ Immediate dose information = actionable results.

No more...

- ✗ Waiting until the end of your wear period to know your dose.
- ✗ Delayed (monthly or quarterly) reports.
- ✗ Collecting and redistributing dosimeters every wear period.
- ✗ Time-consuming dose investigations to pinpoint high exposures.
